# Liem Nguyen

## Education

**University of California, Berkeley** — Candidate for B.A., Computer Science

Expected May 2019

GPA: 3.7/4.0

• Relevant Coursework:

Structure & Interpretation of Computer Programs
Data Structures
Great Ideas in Computer Architecture
Discrete Mathematics & Probability Theory
Computer Security

Efficient Algorithms & Intractable Problems Introduction to Artificial Intelligence Designing Information Devices & Systems I Introduction to Communication Networks

## Armijo High School (Fairfield, CA)

Graduated June 2016

GPA: 4.0/4.0; SAT: 2330/2400; Class Rank: 1/559

• Activities:

Math Club, Science Club, Academic Decathlon, National Honor Society, Wind Ensemble, Varsity Tennis

- Valedictorian in class of 559 students
- International Baccalaureate Diploma Recipient

# Experience

#### **Ubiquitous Swarm Lab, UC Berkeley** — Undergraduate Researcher

June 2017 - Present

- Developed virtual reality environments simulating robot swarms in Unity for user studies examining human-swarm interactions.
- Implemented flocking algorithms, Oculus Rift hardware integration, motion tracking, and data collection with scripting using C#.

#### **Secondary Student Training Program, University of Iowa** — Researcher, Adrian Elcock Lab

June - July 2015

- Compared the efficiencies of algorithms for Brownian dynamics simulations of folded proteins as part of the Department of Biochemistry in the Carver College of Medicine.
- Ran protein folding simulations on computer clusters using Linux and created macros for data analysis using Visual Basic.

# **California State Summer School for Mathematics and Science, UC Davis** — Research Assistant

July – August 2014

• Studied the effects of parameters in mathematical models on the wave propagation of electrical impulses through neuronal rings using R.

## **Activities**

#### Virtual Reality at Berkeley — Unity Developer, ISAACS

September 2017 – Present

• Implemented Oculus Rift hardware integration and panoramic video streaming in Unity with scripting using C# as part of the Immersive Semi-Autonomous Aerial Command System (ISAACS) team.

#### **Computer Science Undergraduate Association**

January 2017 - Present

• Organized tech company infosessions and workshops for building skills in various frameworks and libraries.

# Honors

## National Merit Scholarship, National Merit Scholarship Corporation

March 2016

• Awarded annually to about 2,500 high-achieving high school seniors.

## Skills

Python, Java, C, C#, Visual Basic, R, Linux, Unity, Git, ŁTFX
